1. Your year at a glance

Horoscope in your chart: Strong (compared with typical charts)

Best months spread evenly through the year
Running period Mercury – Saturn, until Jun 2029
Saturn not in Sade Sati
One thing to do Offer water to the rising Sun and keep a steady morning routine.

The year ahead carries a mix of quiet strength and a few areas that will ask for your patience. On the positive side, Jupiter in your first house gives you a natural shield of good judgment and steady health, and the lord of your rising sign holds a position of dignity that tradition links to growing respect and authority in your field. This suggests that even when life feels heavy, you have an inner compass that keeps you moving forward.

That said, the Moon, which rules your rising sign, is sitting in a weakened state, and Saturn's gaze on your first house can make things feel slower or more demanding than you'd like. The traditional reading points to the late spring and early summer months as more flowing for your overall wellbeing, while the late autumn and winter stretch may feel heavier, especially around money and close relationships. There's no single standout window, so the key is steady, consistent effort rather than waiting for a perfect moment.

2. Who you are

With Cancer rising, you carry a naturally caring and protective presence. People often sense they can trust you with their feelings, and you genuinely want to look after the people close to you. Your emotional world runs deep, and you feel things strongly before you even put them into words. Beneath that soft exterior sits a Scorpio Moon, which gives your mind a sharp, intense edge. You are private, determined, and not easily swayed once you have made up your mind. This combination means you are both gentle and formidable — you nurture, but you also guard your own boundaries fiercely.

Your thinking tends to be strategic and probing. You rarely accept surface answers, preferring to understand the hidden layers of any situation. This instinct serves you well when solving problems or supporting others through tough times. To make the most of your strengths, let yourself lead with warmth while trusting your inner resolve. Your emotional sensitivity is a gift, not a weakness; use it to read people accurately, then act with the quiet determination that comes so naturally to you.

Lagna Cancer: caring, emotional and home-loving
Moon sign Scorpio: intense, private and determined (your mind and feelings)

3. Month by month

Each month is ranked against your own twelve months, from the planetary period running most of the month and the transits (the traditional reading). At most four months carry the top label. ⋆ Jupiter and Saturn together activate your life overall that month.

Month	Outlook	What to do
Dec 2026	Around average	Focus on steady routines and practical decisions, as the overall rhythm favors consistency over bold moves. Avoid impulsive changes, especially around partnerships, since the slower Saturn influence calls for patience and careful review. Rahu enters Capricorn on 6 Dec: your 7th house, 3rd from the Moon (favourable); Ketu enters Cancer on 6 Dec: your 1st house, 9th from the Moon (less favourable).
Jan 2027	Around average	Use the favorable shift around late January to start new personal projects or health routines with a calm mindset. Keep expectations modest and avoid overcommitting, as the underlying Saturn tone still rewards measured effort. Jupiter enters Cancer on 25 Jan: your 1st house, 9th from the Moon (favourable).
Feb 2027	Around average	Maintain a steady pace in daily work and home matters, prioritizing what is manageable. Avoid pushing too hard or taking on extra responsibilities, as the period supports stability rather than rapid advancement.
Mar 2027	Around average	Continue building on established foundations, focusing on small, consistent improvements in your career or personal goals. Steer clear of confrontations or major financial gambles, since the energy favors caution over risk.

Month	Outlook	What to do
Apr 2027	Around average	With a favorable Sun influence from mid-month, you can make headway on practical tasks and clear pending issues. Still, keep spending in check and avoid speculative ventures, as the Mercury sub-period asks for mindful decisions.
May 2027	Around average	Stay grounded in your daily routines and relationships, giving attention to what is already working. Avoid initiating major changes or signing long-term agreements, as the steady tone prefers reflection over action.
Jun 2027	Around average	A favorable Saturn shift early in the month can support career progress and disciplined efforts, so focus on structured plans. Be cautious with new ventures later in June, as the Jupiter move suggests holding back on expansion. Saturn enters Aries on 3 Jun: your 10th house, 6th from the Moon (favourable); Jupiter enters Leo on 26 Jun: your 2nd house, 10th from the Moon (less favourable).
Jul 2027	Around average	Keep a balanced approach to work and personal life, dedicating time to steady progress without overreaching. Avoid getting drawn into others' disputes or making hasty decisions, as the period rewards patience.
Aug 2027	Around average	With a favorable Sun from mid-month, you can tackle tasks with renewed clarity and make practical headway. Focus on completing ongoing projects rather than starting new ones, and avoid overloading your schedule.
Sep 2027	Around average	The favorable Sun position supports networking and long-term planning, so use this time to strengthen connections and set clear intentions. Avoid rushing into commitments, as steady effort will serve you better than quick moves.
Oct 2027	Around average	As Saturn moves into a less favorable spot mid-month, keep your focus on maintaining stability in career and personal matters. Avoid major expansions or travel plans, and instead review your priorities with a cautious eye. Saturn enters Pisces on 20 Oct: your 9th house, 5th from the Moon (less favourable).
Nov 2027	Around average	A favorable Jupiter shift late in the month can bring opportunities for learning or new collaborations, so stay open to practical growth. Avoid overextending yourself financially or emotionally, and let progress unfold at a steady pace. Jupiter enters Virgo on 27 Nov: your 3rd house, 11th from the Moon (favourable).

4. Your questions answered

What are my natural strengths?

Your natural strengths are your caring, emotional nature (Cancer rising) combined with intense determination (Scorpio moon). Your mind is focused and private, and your moon in the 5th house adds creativity and a nurturing heart. This makes you both a loyal friend and a persistent achiever.

How will the next 12 months be overall?

A steady period

The next 12 months will be steady overall, with no single period standing out as especially strong. Your chart shows good support from Jupiter in your first house, which brings wisdom and protection, but a weak moon in the 5th house suggests emotional ups and downs. The current Mercury–Saturn period is neutral, so maintain a balanced approach.

Traditional reading; not yet tested against dated lives.

How will my career go this year?

A good period · The traditional reading links 19 Mar 2027 – 31 Oct 2027

Your career is likely to go well this year, with the traditional reading linking the months from 19 Mar 2027 to 31 Oct 2027 to progress. Your 10th lord Mars is in a friendly sign and forms a Raja Yoga, giving authority through merit. Be aware that Rahu's aspect on your 10th house may bring some work-related setbacks, so stay patient.

Traditional reading; not yet tested against dated lives.

Will my money situation improve this year?

Yes, likely · The traditional reading links 2 Oct 2027 – 31 Oct 2027

Yes, your money situation is likely to improve, with the traditional reading linking the months from 2 Oct 2027 to 31 Oct 2027 (and a longer stretch from 28 Nov 2026 to 5 Aug 2027) to financial gains. Your Sun is strong and conjunct Jupiter, creating a wealth yoga. However, your 2nd house has only moderate points, so put in steady effort.

Traditional reading; not yet tested against dated lives.

What should I look after in my health?

Look after your chest and stomach, as your rising sign is Cancer. Also pay attention to your hips, thighs and liver, as your 6th house is Sagittarius. These are areas to be mindful of, not a diagnosis, so maintain a healthy lifestyle and listen to your body.

Is marriage likely soon?

Yes, likely · The traditional reading links 18 Sep 2028 – 24 Jun 2029

Yes, marriage is likely, with the traditional reading linking the months from 18 Sep 2028 to 24 Jun 2029 to this. Your 7th lord Saturn is strong in its own sign, and Jupiter aspects your 7th house, bringing wisdom to partnerships. Traditional reading; not yet tested against dated lives.

Am I in Sade Sati?

No, you are not in Sade Sati currently. Your next Sade Sati period is from Sep 2041 to Dec 2049, so you have many years before that phase begins. You can enjoy a relatively smoother Saturn transit now.

Which months are best for big decisions?

The traditional reading does not highlight specific months as best for big decisions in your chart right now. This usually occurs during periods when your running dasha and planetary transits are most supportive.

For health matters, please follow your doctor's advice.

5. What helps

This year, the traditional reading links steady daily habits to a calmer, more grounded year. Make your mornings your anchor: offer water to the rising sun and keep a regular routine, as this simple practice helps settle your mind and body. In work and money, choose consistency over quick moves—slow, patient effort will serve you better than rushing. In relationships, practice listening more than fixing; this eases tension and builds trust. For your health, protect your energy by not overcommitting. The running Saturn period asks for humility and hard work, so help the elderly or labourers when you can—this softens its effects. To strengthen Jupiter, which supports your path, chant “Om Graam Greem Graum Sah Gurave Namah” 108 times on Thursdays.
